What's Next

The four-day Certified EU General Data Protection Regulation (GDPR) Practitioner training course will provide you with the knowledge and skills to implement an effective compliance programme and fulfil the role of the Data Protection Office (DPO) under the EU GDPR.

Additional Information

More extensive in scope and application than the current Data Protection Act (DPA), the EU GDPR extends the data rights of individuals, and requires organisations to develop clear policies and procedures to protect personal data, and adopt appropriate technical and organisational measures. UK organisations have until May 2018 to comply with the new law, or potentially face fines of up to 4% of annual turnover or €20 million - whichever is greater.
