7. Getting Started with VeriSM™

7.1 Getting started

7.1.1 Identify how to get started

7.1.2 Describe how to move from reactive to proactive operations

Course Overview

VeriSM™ is a service management approach that helps service providers to create a flexible operating model to meet desired business outcomes. It describes how an organisation can define its service management principles and then use organisational capabilities, emerging technologies and a combination of management practices to deliver value.

Our two-day VeriSM™ Foundation training course focuses on the VeriSM™ model which emphasises the focus on value, outcomes and organisational goals. It also includes a unique management mesh, the guidance for choosing the appropriate management practices to establish the product or service.

Course Learning Outcomes

Our VeriSM™ Foundation training course will help you to:

- Define the elements of organisational governance (evaluate, direct, monitor).
- Describe the impact of digital transformation on service management.

Audience

All professionals and organisations involved in delivering value to customers through the development, delivery, operation and/or promotion of services.

Our VeriSM™ Foundation training course is suitable for the following roles:

- Service owners and service managers – who need to bring their skills up to date and understand how service management has changed
- Executives – who are accountable for effective service delivery
- IT professionals - who need to understand the impact of evolving management practices and new technologies on their role
- Managers – who want to understand how to leverage evolving management practices

Entry-Level Requirements

There are no formal prerequisites for our VeriSM™ Foundation training course, however a good prior knowledge of Service Management is desirable.

Recommended Reading

There is no recommended reading associated with our VeriSM™ Foundation training course.

What's Included

Our VeriSM™ Foundation training course includes the following:

- Course Folder
- Notes Pages
- The Official VeriSM™ Book
- Sample Exams
- VeriSM™ Foundation Examination

Exam Information

VeriSM™ Foundation Examination:

- Format: Closed Book
- Duration: One Hour
- Style: Multiple-Choice
- Questions: 40
- Pass Mark: 26/40 (65%)

If the examination is taken in a language that is not your native/official language, you are entitled to 25% extra time.

What's Next

Our three-day [VeriSM™ Professional](#) training course will teach you the required skills and knowledge needed to apply VeriSM™ in your organisation, including how to use the Management Mesh.

Additional Information

Our VeriSM™ Foundation training course is designed to give you a complete understanding of the VeriSM™ approach and how it pulls together your current best practice methodologies and frameworks.

It gives context to Service Management in the digital age and looks at how emerging technologies and progressive management practices can be applied to add value for the consumer.
