PURPLE GRIFFON
The IT Service Management Training & Consultancy Specialists

Course Title: Certified Data Protection Officer (C-DPO)	**Course Duration**: 4.0 Days
Exam: Included	**Exam Type**: Proctored Exam
Qualification: Our Certified Data Protection Officer (C-DPO) training course supports professional development and IBITGQ awards delegates who pass the included exam the ISO 17024-certificated C-DPO Provisional qualification.	

Course Syllabus

Our Certified Data Protection Officer (C-DPO) training course will cover the following topics:

- The legal background of the GDPR and how the Regulation intersects with the PECR, freedom of information legislation, the Law Enforcement Directive and EU member state implementation approaches.
- Key changes in the UK GDPR and how it differs from the EU GDPR.
- The practical implications of the Schrems II ruling with regard to UK–US data transfers and standard contractual clauses.
- Updates on the Statutory Instrument 419 and Keeling Schedules.
- The requirements for the appointment of a DPO, and the demands placed on the DPO and on the controller or processor.
- The responsibility to inform and advise controllers or processors of their GDPR obligations.
- Essential training skills to allow the DPO to better ‘inform and advise’.
- How to monitor compliance with the GDPR.
- The DPO’s role in relation to liaising with data subjects and with the supervisory authorities.
- The DPO’s role in awareness-raising and staff training.
- All aspects of personal data processing.
- The purpose of data inventories, data flow mapping and the records of processing activities required by Article 30.
- The requirements around DSARs and the DPO’s role in facilitating them.
- The DPO’s role in incident management and response and data breach reporting.
- When and how to carry out a DPIA.
- The data processing requirements when transferring personal data to EU and other locations outside of the UK, particularly in relation to Cloud service providers.

Course Overview

Our four-day Certified Data Protection Officer (C-DPO) training course will give you the knowledge and skills to enable you to fulfil the DPO (Data Protection Officer) role under the EU GDPR (General Data Protection Regulation).

Our Certified Data Protection Officer (C-DPO) training course is designed to help you enhance your career as a EU GDPR Professional.

Course Learning Outcomes

Equip yourself with the knowledge and operational skills to act as a DPO in the UK and ensure that GDPR compliance is expertly designed, implemented and maintained.

Our Certified Data Protection Officer (C-DPO) training course will teach you:

- All aspects of the processing of personal data.
- The requirements around DSARs (data subject access requests) and the DPO's role in facilitating them.
- When and how to carry out a DPIA (data protection impact assessment).
- Key changes in the UK GDPR and how it differs from the EU GDPR.
- The data processing requirements when transferring personal data to locations outside of the UK, particularly in relation to Cloud service providers.
- The legal background of the UK GDPR and its intersection with the PECR (Privacy and Electronic Communications Regulations), freedom of information legislation, the Law Enforcement Directive and EU member state implementation approaches.

Audience

Our Certified Data Protection Officer (C-DPO) training course is targeted at individuals entering the data protection profession, or non-data protection professionals transitioning into the DPO role.

Entry-Level Requirements

Before you take our Certified Data Protection Officer (C-DPO) training course, you must hold the EU GDPR Foundation certificate.
