Course Syllabus

Our ISO 27001: 2022 Certified ISMS Internal Auditor training course will cover the following topics:

- An overview of the structure and requirements of ISO 27001.
- The mandatory documents for an ISO 27001-compliant ISMS.
- The relationship between ISO 27001, ISO 19011 and ISO 27007.
- How an internal audit contributes to the effectiveness of an ISMS.
- Internal audit concepts, terms and definitions.
- The principles of auditing conformance to ISO 27001.
- The resources required for an internal audit.
- The roles, responsibilities and desired attributes of the internal auditor.
- The different approaches to conducting an internal audit.
- How to plan, develop and manage an effective audit programme.
- How to plan individual internal audits.
- How to conduct an internal audit and handle the interview process.
- How to identify and report evidence-based nonconformities.
- How to take corrective action and conduct an internal audit follow-up.
- The seven principles of a quality management system.
- An overview of the certification process.

Course Overview

Our two-day ISO 27001: 2022 Certified ISMS Internal Auditor training course will prepare you to be able to effectively audit whether an organisation is compliant with the Information Security Standard ISO 27001 and against the controls defined in ISO 27001.

Our ISO 27001: 2022 Certified ISMS Internal Auditor training course provides excellent career progression and skills development opportunity for anyone wishing to increase their knowledge in this area, in addition to experienced Information Security Staff and Internal Auditors.

Course Learning Outcomes

ISO/IEC 27001: 2022 is the newest version of ISO 27001 and was published in October 2022. While not significantly different from the previous standard, ISO 27001:2022 has notable changes that include scoping, planning, operation and performance evaluation, and a revised Annex A.

Our ISO 27001: 2022 Certified ISMS Internal Auditor training course will teach you how to drive continual improvement within your organisation's information management system (ISMS) and find out how to identify opportunities for improvement and take corrective action to maintain conformity to the ISO 27001 standard.

Our ISO 27001: 2022 Certified ISMS Internal Auditor training course will cover:

- A detailed overview of the structure and requirements of ISO 27001
- The certification process
- The different approaches to conducting an ISO 27001 audit
- Reporting, identifying and compiling evidence-based nonconformities of intent, implementation and effectiveness

Audience

Our ISO 27001: 2022 Certified ISMS Internal Auditor training course is suitable for anyone who is going to be responsible for conducting information security internal audits and benefits everyone who is involved in information security, in internal audit, in the development and deployment of an Information Security Management System (ISMS) or in auditing IT Service Level Agreements.

Entry-Level Requirements

Before joining our ISO 27001: 2022 Certified ISMS Internal Auditor training course, you need to have attended our ISO 27001: 2022 Certified ISMS Foundation training course or you have a good working knowledge of ISO 27001 gained through practical experience.

Recommended Reading

It is recommended that you purchase and read the standard prior to attending our ISO 27001: 2022 Certified ISMS Internal Auditor training course:

Additional Information

ISO 27001 is a structured, technology-neutral, specification and code of practice for Information Security Management in organisations of all sizes, which is not vendor dependent. All organisations should adopt this standard as part of their overall risk management strategy.

It has been reported that organisations gain significant competitive advantage by achieving ISO 27001 certification and compliance. This can include winning new business, increasing customer confidence and improved efficiency across the organisation. The number of organisations taking up ISO 27001 is rapidly accelerating across all sectors - so don't let your organisation get left behind.
