Course Overview

Our one-day ITIL® 4 Practitioner: Incident Management training course will teach you the key concepts, principles, value and challenges of the Incident Management practice.

It is intended to provide you with best practice guidance at both strategic and operational levels on how to minimise the negative impact of incidents by restoring normal service operation as quickly as possible.

Course Learning Outcomes

Our ITIL® 4 Practitioner: Incident Management training course is structured and aligned around the ITIL® Framework. The examination is intended to assess whether you can demonstrate sufficient understanding and application of the concepts covered in the ITIL® 4 Incident Management practices publication.

Audience

Our ITIL® 4 Practitioner: Incident Management training course is aimed towards validating the skills and knowledge of professionals seeking to establish a good cross-practice collaboration and effective service value streams. The main job titles that are applicable to this training course are:

- Incident Manager
- Technical Specialist
- IT Operations Manager
- Service Delivery Manager
- IT Service Manager
- Process Manager
- Incident Response Manager
- IT Incident Coordinator
- IT Support Manager
- Technical Support Manager
- IT Service Desk Manager
- Network Operations Manager
- IT Security Manager
- Infrastructure Manager

- Major Incident Manager
- Incident Supervisor

Entry-Level Requirements

The following are the prerequisites for our ITIL® 4 Practitioner: Incident Management training course:

- ITIL® 4 Foundation Certificate OR ITIL® 4 Managing Professional Transition (MPT) Certificate
- Training Through An Accredited Training Organisation (ATO)

Read the PeopleCert Official Guidance for Windows Devices and MacOS Devices for a step-by-step guide on how to take your online proctored examination.

Your Identification Document (ID):

On the day of your exam, your Proctor will verify your ID. You are responsible for ensuring the ID used to register and take your exam is valid and acceptable. On your exam day, if you do not present valid and acceptable ID, or the First/Middle Name(s) and Last Name of your ID do not exactly match the name you used to register for your exam, you will not be allowed to test and will not be entitled to a refund. You will, however, be able to re-book your exam following the standard exam booking process. Your ID must:

- Be current and valid – ID containing dates that have expired are not allowed.
- Be an original, not a photocopy.

- Include a recognisable photo of you.
- Match the information you gave when you booked your online exam.
- Be a government-issued national/state/province identity card that is recognized by the country in which you are a citizen or permanent resident.
- Contain your Birthdate/Year.
- Contain your First/Middle Name(s) and Last Name in English (Latin) characters.

Please Note: Electronic IDs will not be accepted.

From 01 January 2023: All PeopleCert certifications will need to be renewed after three years. You can do this by retaking the examination before the renewal date, collecting professional development points via MyAXELOS or taking further certifications before the renewal date. If you make the decision to not renew your certification, you will not be removed from the Successful Candidate Register (SCR). You will remain on the Successful Candidate Register (SCR), however it will be flagged that your certification is not up to date.

What's Next

To achieve the ITIL® 4 Practice Manager designation, you will need to have completed five individual practices plus the ITIL® 4 Specialist: Create, Deliver & Support (CDS) module, or you will need to have completed the three-day bundled or combined module plus the ITIL® 4 Specialist: Create, Deliver & Support (CDS) module.

Additional Information

A management practice is defined as a set of organisational resources designed for performing work or accomplishing an objective. There are 34 ITIL® management practices in total, representing some of the most practical resources of the framework.

The practices will also be enriched with additional guidance on the capability model based on the ITIL® 4 maturity model.
