Course Overview

Our one-day PRINCE2® Overview training course will help you to understand how PRINCE2®, the popular Project Management Standard, provides the controlled environment for managing projects working from a project's controlled start to its controlled close.

Please Note: Our PRINCE2® Overview training course is not run as a public scheduled training course, however it can be delivered as a private training session for your team. Email us at info@purplegriffon.com or call +44 (0)1539 736 828 for a formal quote.

Course Learning Outcomes

Our PRINCE2® Overview training course provides an excellent introduction into the de facto standard of the PRINCE2® Project Management method and it will ensure that you gain a basic understanding of how PRINCE2® provides benefits to your organisation.

Audience

Our PRINCE2® Overview training course is suitable for those who will be involved in Project Management activities, work alongside Project Managers, but may not need a formal qualification.

Entry-Level Requirements

Some experience in a Project Management environment is useful but not essential.
