Course Title: Certified EU GDPR Foundation Online	
Exam: Included	**Exam Type**: Proctored Exam
Qualification: EU General Data Protection Regulation (GDPR) Foundation Certificate	

Course Syllabus

Our EU General Data Protection Regulation (GDPR) Foundation online training course will cover the following topics:

- Key definitions and the scope of EU GDPR.
- The six data protection principles.
- Special categories of personal data.
- The rights of data subjects, including data access requests.
- Controllers and processors.
- Securing personal data.
- Requirements for reporting data breaches and exceptions.
- How to perform a DPIA.
- The DPO role.
- The role of certifications in proving compliance.
- Transferring personal data outside the UK.
- The powers of the Commissioner.
- The bands of financial penalties that can be imposed for breaches.

Course Overview

The EU General Data Protection Regulation (GDPR) is more extensive in scope and application than the Data Protection Act (DPA) and extends the data rights of individuals.

The EU General Data Protection Regulation (GDPR) requires organisations to develop clear policies and procedures to protect personal data, and adopt appropriate technical and organisational measures.

Our EU General Data Protection Regulation (GDPR) Foundation online training course will give you a complete introduction to the GDPR (General Data Protection Regulation).
